DESCRIPTION

BEA's **MOUNTING BOX EBA** is a surface mount push plate box that allows for easy battery access in wireless applications, reducing maintenance time for transmitter battery replacement.

The **MOUNTING BOX EBA** is compatible with all BEA 4.75 inch square push plates and accessories. In addition, it accommodates any BEA wireless battery-powered transmitter.

Unique Two-Piece Design

- Ensures easy installation
- Allows for quick battery replacement compared to standard mounting boxes
- Eliminates the need to disassemble the push plate from the back
- Improves wireless transmitter accessibility compared to small change-out compartments.

Convenient Access

Locking screw secures box to mounting plate

Compatibility

Designed for BEA's most popular push plate design

INSTALLATION

Unscrew Locking Screw

Slide Box Upward

Battery Replacements

Secure Locking Screw
